Visit to Machu Picchu

The main square, Cusco

Students enjoying an evening out in Cusco

Cusco is undoubtedly one of the most beautiful cities in Latin America. Lying above the clouds, at 11,000 feet, Cusco is sunny virtually all year round. Beautiful Spanish colonial architecture is interspersed with incredible Inca stonework, giving Cusco a fascinating and very beautiful blend of cultures and historical heritage. **Our school** is situated in the historic heart of Cusco, just a short walk from the main square. There are 12 well-equipped classrooms, Internet café, snack bar and large open-air terrace, where students meet at break time and after class. Accommodation is in carefully selected host families, most just 10-20 minutes' walk from the school.

There is an exceptionally welcoming atmosphere at the school, and as the maximum class size is just 4 students, every student gets lots of individual attention. In addition to the Spanish courses, our school in Cusco arranges **volunteer work** for students in local community-based projects.

Our school organises 2 to 3 activities per week, with guided walks around Cusco, Peruvian cookery classes, evenings out with teachers, Latin dance classes, plus full-day trips to historical sites such as Machu Picchu and Lake Titicaca. The school also arranges **free airport transfers** from Cusco Airport for students staying with a host family, or overnight accommodation in Lima and onward flights to Cusco.
