Beautiful Guanajuato

Guanajuato

Mexico

Guanajuato is an enchanting mixture of winding cobbled streets, attractive plazas and vividly coloured houses, all perched atop steep hillsides. There are beautiful domed churches, an extraordinary 'Mummy Museum' and unusual subterranean tunnels, which take traffic around the city. Guanajuato is also soaked in history - it was here that the Mexican War of Independence began in earnest.

You can also find salsa bars, handicraft shops, elegant theatres and much more in Guanajuato, which is delightfully easy to explore. **Our school** is located in the **centre of Guanajuato**, has 15 classrooms, a multimedia room (with free Internet access), and patio, where you can unwind after lessons. Classes at our school are restricted to a **maximum of just eight students per class**, allowing the teachers to dedicate lots of time to each student. **Learn Spanish quickly**, and have a great time discovering Guanajuato!
